

# Description of Inland Waters

Inland waters are all waters within the jurisdiction of the state except the Great Lakes, and the bays and connecting waters. The connecting waters between Lake Superior

and Lake Huron include that portion of the St. Marys River located within this state. The connecting waters of Lake Huron and Lake Erie include the St. Clair River, Lake St. Clair and the Detroit River (beginning at the imaginary line extending due south of the Windmill Point Light, Wayne County and ending at the imaginary east-west line drawn through the most southerly point of Celeron Island). Inland waters also include all inland lakes, streams and tributaries to the Great Lakes.
